ahmetorg@buffalo.edu
(716)829-3332

Dr. Ahmet Orgev received his certificate of specialty in prosthodontics and MSD degree from Indiana University School of Dentistry. He is currently a Diplomate of the American Board of Prosthodontics and a Fellow of the American College of Prosthodontists. He received his dental degree and Master of Science in Oral Surgery from Yeditepe University, School of Dentistry, Istanbul, Turkey. He received the ITI (International Team for Implantology) Scholarship and Straumann Digital Implant Fellowship at the University of Florida Center for Implant Dentistry in Gainesville, Florida, where he spent two years between 2017-2019.

Dr. Ahmet Orgev has given presentations nationally and internationally and has several publications in peer-reviewed journals. He has been an active member of the ITI since 2009 and has served as the ITI Online Academy Video Editorial Board member. He became an ITI Fellow in November 2022. He is a member of the Academy of Osseointegration Young Clinicians and Poster Committees.

Dr. Orgev is the Clinical Director of UB Implant Center and Director of CAD/CAM Technologies in the Department of Restorative Dentistry at the State University of New York at Buffalo. He teaches advanced education programs in Prosthodontics, Periodontics, Oral Surgery, and Implant Fellowship. His leading research focuses on improving complex implant surgeries and restorative rehabilitations using digital technologies, artificial intelligence, virtual reality, guided implant surgery, bone regeneration techniques, and restorative materials in implant dentistry.
